

Background and context

We've presented with this group twice before so they're fairly familiar with our project at this point.

Key questions

- **Are these representations compelling?**
- **Are there other areas of the country for which you like to see zoomed-in maps?**
- **What kinds of interactions would be interesting?**
- **What should we do to finalize?**
- **Do you have ideas for implementing input?**

Agenda for technical review session

- **Presentation: 7 minutes**
 - Introduction
 - About the Code
 - Data Processing
 - Basemap
 - Polar Plot
 - Future Work
